HI:

Here is your 1958 price list of Holdridge's plants, trees, and garden supplies.

Again we will have a most complete line of garden needs and we will try to have them in stock when you need them.

Good stock, good prices, varieties suitable for this area, honest, sincere advice from practical gardeners—this is what you will receive from our Nursery.

We hope this meets with your approval and that you will stop in here for all your lawn and garden needs.

Good Luck and Good Gardening in 1958!

From — All the Folks at Holdridge Farm Nursery

LOCATION

The Holdridge Farm Nursery is located on Route 27 in the town of Ledyard, about 5 miles from Norwich and about 12 miles from New London.

From Norwich, take Route 2 (the Westerly Road) for about three miles—turn right onto first state highway, following Ledyard signs—drive about 1 mile and bear left onto Route 27 and drive 2 miles.

From New Haven and New London — cross the Groton-New London bridge and follow Route 84 for about 5 miles — turn left and follow Route 27 (Col. Ledyard Highway—for about 6 miles. (Two miles past Ledyard Center.)

From Rhode Island points — Go to the Rotary intersection of Route 84 and Route 2 — follow Route 84 towards New London about 7 miles — then turn right onto Col. Ledyard Highway (Route 27) — We are about 6 miles from Route 84. (Two miles past Ledyard Center.)

Located on the Big Hill.

BUSINESS HOURS

Our nursery is now open six days a week from 8:00 A.M. until 6:00 P.M.; Sundays, 9:00 A.M. until 6:00 P.M. During April and May, only, we stay open evenings until 8:00 P.M.

PRICES

All prices of nursery stock and garden supplies quoted here are subject to the Connecticut Sales Tax when it applies. All prices are subject to change if necessary to meet higher costs.

OUR GUARANTEE

We guarantee to furnish stock in good condition, up to grade and specifications. If your order arrives in damaged condition, report to us immediately. We will adjust complaint or refund your money.

We cannot guarantee livability after stock arrives on your place as so many factors may be the cause. We will, upon proper proof, replace free all trees, etc., which may prove untrue to name or refund the price paid but we give no further warranty.

We do not guarantee balled and burlapped evergreens.

Our nursery is inspected yearly by an authorized State Inspector and a copy of our certificate accompanies each shipment.

SHIPPING

Please call for your order whenever possible. When orders must be shipped, please add 20% for packaging and postage.

Please give instructions in your order how we should ship. If no instructions are given, we will ship as is best in our judgment.

We will ship as near as possible to the date which you ask for but can not guarantee shipment on exact dates requested because of weather and other conditions beyond our control.

If no date is given, we will use our judgment as to the best time to ship your particular order to the area in which you live.

HOLDRIDGE'S EVERGREENS

You will have your choice of a tremendous number and great variety of evergreens all dug and ready during the planting season at our garden center.

All trees are dug and balled by experts and held under our lath house under ideal conditions. Come and look over our stock. See your trees before you buy. Be sure you buy hardy stock grown here in Connecticut.

Look at these trees and compare quality and prices with anyone. Below are only a few of the kinds we grow and sell.

Absolutely no guarantee on lining out stock.

Mail orders of \$5.00 or more will be shipped prepaid.

Mail orders less than \$5.00, please add 50c for postage.

POINTS ON LANDSCAPING YOUR HOME

1. Plan for year around beauty with evergreens to set off the house in winter as well as flowers for summer beauty.
2. Work out a rough plan for your home, dividing your lot into three parts, as follows—A Public area, to be viewed from the street; a Service area, for clotheslines, utilities, vegetable garden, etc.; and a Private area, for picnics and relaxation.
3. Foundation Planting — Your Foundation planting should be planned so as to provide a frame for your house. The shrubs should always be planted so as to emphasize the beauty of the house and never to obscure it. Always keep the mature height of the plants in mind. Use plants which blend well together and you may use groups of various shade or types of evergreens which appeal to you. Planting should soften the harsh corner lines of the building, give emphasis to the doorway, and make the house a part of the landscape.
4. Shade trees should be planted with their mature size in mind. Plant in front to frame the house, not to hide it.
5. Plant early blooming flowers and shrubs so that they may be seen from inside your house. Summer blooming shrubs are recommended for your picnic area.
6. A free bulletin, "Landscaping Your Home Grounds" by H. O. Perkins, may be obtained by writing the University of Connecticut, or from any Extension or Farm Bureau office in the state.
7. We have a free booklet, "How to Plant", available at our nursery. Ask for your copy.

We will start the season with a good supply of the following flowering shrubs. They will be potted in tar paper pots which should be removed before planting. Most shrubs are from 2 to 3 feet tall.

ALMOND—small pink flowers—early.

ALTHEA—double rose red, double rose violet, double white, double white with pink center—late summer.

BEAUTY BUSH—pink flowers—early summer.

BLUE HYDRANGEA—Nikko—a new variety—\$1.00.

RANUNCULAS—in packages—12 for 25c

TUBEROSE—Each 15c; 12 for\$1.50

FRUIT TREES

We can offer this year a nice variety of fruit trees grown for us by one of the largest nurseries in the country. All are of top quality and are graded strictly to size.

Our low overhead on our farm enables us to sell these trees at a much lower price than that quoted by most dealers. We hope that you will compare sizes and prices with other concerns and that you will come and see the trees here at our farm. These trees will be ready in our sales cellar by March 15 or before.

Each year we are sold out of some varieties early. To be sure of varieties wanted, order now and they will be saved for you.

It is possible for us to ship by parcel post, up to 10 fruit trees, by pruning to meet postal regulations. The charge for wrapping and postage is 20% of cost of trees but not less than 50 cents for an order. Large orders will be shipped by Railway Express or will be held for you in our storage. No orders will be held after May 1 unless paid for in full.

We advise that all fruit trees be planted as early as possible in the spring.

PEACH TREES — 1 YEAR

Champion—early white
Jerseyland—early August
Golden Jubilee—very early, yellow, mid-August
Red Haven—excellent quality, mid-August
Summercrest—late August
Early Elberta—similar to Elberta, but earlier, late August
Fowler—large yellow, late August
Valiant—late August
Hale Haven—High quality yellow, good shipper, early Sept.
Belle of Georgia—large white, early September
J. H. Hale—very large yellow, mid-September
Elberta—standard canning peach, mid-September
White Hale—mid-September

PRICES

9/16 inch

caliper

4-5 feet tall

90c each

Not Prepaid

ONLY J. H. HALE REQUIRES CROSS-POLLINATION

All Peaches listed above are freestone.

If your total order for trees is 50 or more, we offer a discount of 10c per tree from quoted prices.

DWARF FRUIT TREES

Dwarf fruit trees are a very popular item for gardeners with a limited space. These trees grow about 8-12 feet tall at maturity and will use a correspondingly small space. Dwarf pears bear two years from planting; dwarf apples from two to four years. Our dwarf trees will be 2 years old, and 9/16 inch in caliper.

DWARF APPLES—Varieties available: McIntosh, Cortland, Red Delicious, Greenings, Yellow Delicious, Baldwin, Northern Spy. Price—each\$2.00

DWARF PEARS—Varieties available: Clapp's Favorite, Bartlett, Seckel and Anjou. Price — each\$1.75

DWARF CHERRY—North Star, Meteor. Price—each\$1.75

DWARF PLUM—Stanley, blue. Price—each\$1.75

DWARF PEACH—Golden Jubilee, Elberta, Red Haven. Price—each\$1.75

APPLES — 2 YEARS

9/16 inch caliper — 5 to 6 feet tall

Lodi—early August
 Red Astrachan—early August
 Early McIntosh—mid-August
 Dolgo Crab—late August
 Red Gravenstein—late August
 Milton—late August
 Wealthy—early September
 Double Red McIntosh—mid-September
 Cortland—late September
 Monroe

Double Red Delicious—late September
 Macoun—late September
 R. I. Greening—early October
 Jonathan—early October
 Turley Winesap—early October
 Red Northern Spy—mid-October
 Yellow Delicious—mid-October
 Red Rome—mid-October
 Baldwin—mid-October
 Opalescent—mid-October

\$1.00 each — Not Prepaid

PEAR TREES — 2 YEARS

11/16 inch caliper — 5 to 6 feet tall

Clapp's Favorite—early canning or eating pear—mid-August
 Bartlett—best canning pear—early September
 Gorham—Late Bartlett type—early September
 Seckel—small sugar pear—mid-September
 Bosc—late Russet Pear—late September
 Sheldon—very sweet—early October
 Anjou—very juicy—mid-October
 Kieffer—large yellow—mid-October

\$1.25 each
 Not Prepaid

CHERRY TREES — (mazzard roots)

9/16 inch caliper — 4 to 5 feet tall

Windsor—dark red often called Oxheart—early July
 Black Tartarian—large sweet, black—early July
 Schmidt's Biggareau—large, almost black, sweet—mid-July
 Napoleon—yellow with red cheek, sweet—mid-July
 Montmorency—sour cherry, best for pies—late July

\$1.25 each
 Not Prepaid

PLUM TREES — 2 YEARS

9/16 inch caliper — 4 to 5 feet tall

Santa Rosa
 Abundance—round, red, yellow flesh—early August
 Burbank—large round, reddish, purple—early August
 Yellow Egg—round—mid-August
 Stanley Prune—large, dark blue, freestone—mid-September
 Reine Claude—round, green—mid-September
 Fellelberg—large, good canner—early October

\$1.25 each
 Not Prepaid

With the exception of the Montmorency sour cherry, the fruit varieties listed on this page usually yield better when the opportunity for cross-pollination is provided by the bloom of other varieties of the same kind of fruit.

OTHER FRUITS

5 IN 1 APPLE—9/16 inch caliper—5 to 6 feet tall. The following five varieties are grafted on one tree: Baldwin, McIntosh, Red Delicious, Yellow Delicious and Jonathan—Each\$2.50
 QUINCE—2 year—1/2 inch caliper. For old fashioned quince jelly\$1.00
 NECTARINES—two—Garden State and Surecrop—9/16 inch caliper—each\$1.25
 APRICOT—Moorpark and Early Golden\$1.50
 HOWARD MIRACLE PLUM—extra large fruit\$2.00
 SUMMERLONG PEACH—yellow, fruits over long season\$2.00

POWER LAWN MOWERS

If you are in the market for a new lawn mower this spring, it will pay you to look over our assortment of mowers and compare our prices with others before you buy.

MOTOMOWER "CATALINA"—This is our most popular mower. It is an 18-inch rotary mower, with a Briggs & Stratton engine, automatic rewind, silent muffler, easy changing height adjustment and has off-center wheels to prevent scalping of lawns. List price \$99.95 Our Price \$79.50

MOTOMOWER "CORSAIR"—The same mower with 21-inch cutting width — List price \$119.95 Our Price \$89.50

MOTOMOWER "RIVIERA"—Very similar to the Catalina listed above, except that this mower is self-propelled—List price \$139.95 Our Price \$108.50

MOTOMOWER "CONSTELLATION" — A self-propelled 21-inch rotary — List price \$174.95 Our Price \$128.50

A RIDING ROTARY LAWN MOWER—Look it over. Price \$225.00

GARDEN SPECIALTIES

GARDEN HOSE—Plastic—25 feet \$1.00
 50 feet \$1.95
GRASS BARRIERS—40 feet \$4.98
BIRD BATHS—tan and white \$5.00
PYRAMID STRAWBERRY GARDENS—will hold 50 plants \$8.95
WHEELBARROWS—All Steel—semi-pneumatic tires—not assembled \$8.45
 Assembled \$8.95
Extra Large WHEELBARROWS with large pneumatic tires \$22.00 and \$26.50

FERTILIZERS

We carry at our garden store a great variety of fertilizers for every purpose. Listed are a few that we can recommend.

Rose Food 5 lbs. 65c; 10 lbs. \$1.00
Acid Maker—(aluminum sulphate) 5 lbs. 65c
Acid Fertilizer Azalea Food 5 lbs. 60c; 10 lbs. \$1.00
Hydrate Lime—for lawns 50 lbs. 90c
Bone Meal 5 lbs. 60c; 10 lbs. \$1.00; 25 lbs. \$1.75; 100 lbs. \$5.00
Scott's Turf Builder—one bag will do 5000 sq. ft. of lawn and will keep grass green and healthy—Price Per Bag \$4.50
Cow Manure—dehydrated, pulverized 5 lbs. 50c; 50 lbs. \$2.25
Sheep Manure 5 lbs. 50c; 50 lbs. \$2.00
Garden Fertilizers 5 lbs. 50c; 10 lbs. 90c; 25 lbs. \$1.50; 80 lbs. \$2.40
Muriate of Potash 5 lbs. 65c
Cotton Seed Meal 5 lbs. 75c
Nitrate of Soda 5 lbs. 65c; 100 lbs. \$4.25
Sulphate of Ammonia 5 lbs. 65c
Superphosphate 5 lbs. 65c; 100 lbs. \$2.00
CORENCO Fertilizers—we recommend highly.

5-8-7—for gardens—80 lb. bag \$2.25; per ton \$49.30
 5-10-10—potato and all purpose—80 lbs. \$2.40; per ton \$52.40
 7-7-7—good grass fertilizer—per bag \$2.40; per ton \$53.20
 8-16-16—Granular—per ton \$72.30
 10-10-10—Granular—per ton \$63.70
 Superphosphate 20%—80 lb. bag \$2.00; per ton \$37.45

GARDEN SUPPLIES

AIDS IN STARTING PLANTS

Vermiculite—to start seeds in—1 peck bag 45c; 3 pecks, 85c; 4 bu. \$2.20
 Rootone—a hormone to aid the rooting of cuttings—pkg. 25c and \$1.00
 5% DDT—for treating bulbs 1 lb. 45c; 5 lbs. \$1.15
 Compost Maker—pkg. \$1.25
 African Violet Soil 20c, 39c and 59c

FOR FRUIT TREES

Use a dormant spray before buds start when temperatures are 40° or higher. After buds start, use an all purpose fruit spray about once each two weeks during growing season.

F & B Dormant Spray Oil qt. \$1.00; gal. \$2.75
 Green-Gro All Purpose Fruit Spray—Contains Captan, Malathion and Methoxychlor—the latest and best combination for a good all purpose spray — 1 lb. \$1.35
 5 lbs. \$3.85
 F & B 50% Malathion 8 oz. \$1.50; pt. \$2.10; qt. \$3.50
 Liquid Lime Sulphur qt. 80c; gal. \$2.00

FOR VEGETABLE GARDENS

Ortho Melon - Cucumber Dust or Spray 4 lbs. \$1.15
 Rotenone—for insect control 1 lb. 35c; 4 lbs. \$1.15
 Bordeaux—for blight control—4 lbs. \$1.50
 For Aphids—Black Leaf 40 1 oz. 35c; 5 oz. \$1.15; 1 lb. \$2.69
 Malathion 1 oz. 49c; 5 oz. \$1.39
 Ortho Tomato and Potato Dust or Spray — 4 lbs. \$1.15

FOR FLOWER GARDENS

Farmrite Rose Dust—contains Lindane, DDT, Ferbam and Sulphur—1 lb. \$1.10
 5 lbs. \$2.95
 F & B Rose Dust 8 oz. 85c; 1 lb. \$1.00
 DuPont Floral Dust—a good all purpose floral dust or spray duster \$1.19
 Ortho Rose Dust—very good—Squeeze Duster—each \$1.49

FOR JAP BEETLE CONTROL

Chlordane—used on ground, will kill grubs—also drives out moles .. 1 lb. 45c
 5 lbs. \$1.20; 50 lbs. \$6.00
 Hubbard 5—used as dust will kill Jap Beetles 1 lb. 45c; 5 lbs. \$1.20
 50% DDT—used as spray will kill beetles 1 lb. 90c; 4 lbs. \$2.25

FOR WEED CONTROL

Scotts 4XD—box to cover 2500 sq. ft. of lawn \$1.95
 Scotts Weed and Feed—pkg. covers 1000 sq. ft. \$1.95
 For Strawberry beds, lawn, gladioli beds, corn, many other crops—Crag prevents seed germination—a wonderful labor saver—2 lbs. will cover 1 acre — Price 1/4 lb. pkg. \$1.50; 1 lb. \$4.49
 F & B Weed Killer, quart 90c; gallon \$2.25

SOIL BUILDERS

We recommend to build up your soil with the following:

Peat Humus—Michigan Peat—..... 25 lbs. \$1.69; 100 lbs. \$4.50
 Pulverized Cow Manure—50 lbs. \$2.25
 Pulverized Sheep Manure—50 lbs. \$2.00
 Peat Moss—LOOK AT THIS PRICE—Bale \$3.00

FOR ORNAMENTALS

Isotox—good all purpose—liquid—(for Birch leaf blight)—4 oz. \$1.00
 Dusting Sulphur—to control Red Spider on Arbor Vitae—lb. 40c
 Tree Paint—to cover cuts—1 qt. 60c
 Tobacco Dust—5 lbs. 75c
 Chlordane — 72% 1 pt. \$2.75; 1 qt. \$3.95
 F & B Multi-Purpose Spray 1 lb. \$1.00; 3 lbs. \$2.25

VEGETABLE PLANTS

We carry in season a very wide variety of vegetable plants at our nursery. Our prices on Lettuce, Cabbage, Broccoli and Tomatoes will be as follows: Per doz., 35c; per flat of 100 plants, \$2.25, plus deposit of 25c on the empty flat. Pepper, Egg Plant and Brussel Sprouts will be 40c per doz; and \$2.50 per flat, plus deposit.

Sweet Spanish Onion plants will sell at 50c per row of approximately 100 plants, and at \$3.00 per flat, plus deposit.

HYBRID TOMATO PLANTS—we will have on hand during the season, two varieties of Hybrid Tomatoes. For the early crop, we will have Early Prolific Hybrids and for main crop, Burpee's Big Boy Hybrid Tomatoes. These will be in plant bands and will sell for 15c each; flat of 40 plants \$4.00, plus deposit.

ANNUAL FLOWER PLANTS

After May 1st, we will have a large variety of plants ready. Most varieties will sell at 40c per doz.; \$2.50 per flat, plus deposit. Ruffled Petunias and Scarlet Salvia plants will be 50c per doz.; \$4.00 per flat, plus deposit.

PANSY PLANTS

Available in season—large flowered plants. Price: 50c per basket. Not mailable.

ROOTS AND HERBS

Complete your garden with a few of these herb plants:

Horseradish Sets—whole roots—10c each; doz.	\$1.00
Rhubarb—Canada Red—35c each: 3 for	\$1.00
Chives—medium clumps—each	25c
Sage Plants—each	40c
Thyme—each	40c
Applemint—each	40c
Tarragon—each	40c
Lavender—each	40c
Spearmint—each	40c

FLOWER SEEDS

We carry a very large assortment of flower seeds in colored packets, both annual and perennial, packaged by Burpee, Asgrow, Ferry-Morse and Mandville King. We probably have the largest variety of colored packets available locally. These will be ready by February 1. Plan to pick up your seeds early.

VEGETABLE SEEDS

We carry in stock a wide variety of vegetable and flower seeds in colored packets. In addition we have a large amount of Burpee Seeds packed and priced as follows:

Beans, 32 varieties, per lb.	60c	Radish, Rutabagas, Spinach — per	
Peas, per lb.	50c	oz.	15c
Beets, Swiss Chard, Carrots, Cu-		Hybrid Sweet Corn, 17 varieties,	
cumbers, Muskmelon, Water-		per lb.	70c
melon, Squash, Pumpkin, Pars-		Lettuce, Cabbage, per oz.	25c
nip, Dill—per oz.	20c	Burpee Hybrid Cucumber, 1/4 oz.	75c
Pop Corn, 1/2 lb.	30c		

HEDGES AND WINDBREAKS

California Privet—18-24"—well branched—10 for \$1.00; larger size, 10 for \$2.00	
Red Leaf Barberry—12-15" plant—10 for	\$1.00
Red Leaf Barberry—few extra large, 10 for	\$2.50
Multiflora Rose—see page 10—100 for	\$7.50

BLUEBERRIES — SPRING AND FALL

Cultivated blueberries are hardy shrubs of rare beauty; they are doubly valuable because they are fruitful and ornamental throughout the entire year.

Every home garden, no matter how small, has room for at least a few of these blueberry plants. It takes only a few plants to produce all the berries that an ordinary size family will need. As a commercial proposition it is one of the most profitable fruits to grow. There is a big market for these delicious blueberries. They make good money in a very short time. You can begin picking the second or third year after planting. Plants last a very long time.

Cultivated blueberries grow in large clusters, plump, tender, and practically seedless. They will grow anywhere that strawberries will, doing their best on a moist, acid soil which is kept mulched all summer. For pollination, plant at least two varieties.

Our very low prices on large bearing age plants will give you berries years before smaller plants. We advise buying blueberry plants on a size basis.

We recommend that you plant at least two varieties. Our plants are ready during the season so you may call and pick the plants up immediately.

VARIETIES AVAILABLE — FIVE OF THE BEST

EARLIBLUE—One of the newer and better varieties of cultivated blueberries. Early and productive.

BLUERAY—Another new and very productive variety—good for either commercial or home gardeners.

JERSEY—Large, light blueberries. The bush grows erect and is very productive.

DIXI (12-18 inches)—This is probably the largest berry of all cultivated varieties—upright growing bush.

COVILLE—Recommended as one of the better of the new varieties. Berries are large, light blue and the bush has attractive leaf coloring.

PRICE—3 year plants, at least 18 to 24 inches tall (except Dixi)—Each, 80c;
.....10 or more @ 75c; 50 or more @ 70c

ASPARAGUS PLANTS

Home-grown asparagus is one of the easiest to grow and yet one of the most delicious treats available to the small gardener. Cut fresh in your own garden, it is unexcelled in flavor and quality. Start now to have a bed of your own.

Our plants, if heavily fertilized in your garden, will produce some asparagus for you the next spring. The second spring, you can cut it for about one month and after that, if you continue heavy fertilization, you can cut it up to the 1st of July each year. A bed, once started, will last as long as you take care of it.

VARIETY — MARY WASHINGTON

Heavy No. 1 Grade—25 for 75c; 50 for \$1.50; 100 for \$3.00; 500 for \$12.50; 1,000 for \$20.00. Packing and postage, add 20%.

ASPARAGUS CULTURE

Set asparagus in rich soil a foot apart in a furrow 6 inches deep. Cover 3 inches and tramp. In hoeing, work soil toward plants so that by mid-summer the ground is level. Do not cover 6 inches at first or plant will be smothered. Cut sparingly the second year, after that cut all shoots 6 or 8 inches high until about the middle of June, then let tops grow. Fertilize asparagus liberally, with stable or hen manure any time in summer or fall after cutting season is over.

RED RASPBERRY PLANTS

Raspberries are one of the treats available to home gardeners and will bear handsome crops if a little care is given them. Here is a crop ideal for the part-time farmer which is overlooked by many growers. Very easy to freeze.

We offer strong, well grown plants, free of disease. Start a bed now so that you can enjoy raspberries throughout the summer. Once planted, a raspberry bed is good for from five to ten years, depending on the care given it.

LATHAM (Red)—The fine old standard mid-season berry which folks have liked so well. It bears well under most any condition and is good for commercial or home gardeners. Available in transplants only.

INDIAN SUMMER (Everbearing) (Red) — This is the best of the everbearing varieties of raspberries, bearing a crop in July and another throughout the fall. Has a good size and flavor. Transplants only.

SEPTEMBER (Everbearing, Red)—This is one of the newer everbearing varieties of red raspberries which is reported to be very good. We have only transplants available. Bears in September the first year planted.

TRANSPLANTS

6 for 75c; 12 for \$1.50; 25 for \$3.00; 100 for \$10.00.

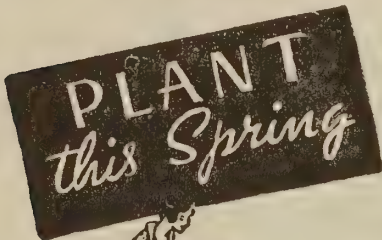

Not sold in lots of less than 6 of one variety.

PURPLE AND BLACK RASPBERRIES

SODUS (Purple)—This is the leading purple raspberry. The berries are medium purple in color and good in quality. The plants are very productive and vigorous. No. 1 grade only.

CUMBERLAND (Black)—This variety yields well under most any condition. It has a glossy black berry of excellent quality and bears in mid-summer. Black raspberries are gaining in popularity. They can be raised at less cost than the red varieties and stand on the vines a long time without becoming soft. No. 1 grade only.

PRICES—No. 1 Grade—All varieties: 6 for 65c; 12 for \$1.20; 25 for \$2.00; 50 for \$4.00; 100 for \$7.50; 1000 for \$65.00, not prepaid.

BLACKBERRIES

Blackberries grow best on fertile loam. The rows should be six feet apart with each plant approximately two feet apart in the row.

ELDORADO—This is the sweetest of all blackberries. The berries are very large, and bear in large clusters. The plants are very sturdy.

Prices:

12 for \$1.00; 25 for \$2.00; 100 for \$7.00

GRAPE VINES

These are all No. 1 Grape Vines and should give you excellent results.

Concord (Blue)—The Standard blue grape.

Portland (White)—Early, large and of good flavor.

Caco (Red)—Early, fine flavor with large bunches.

Fredonia (Black)—very early, excellent quality.

Seneca (Yellow)—California type of hardy grape. The skin can be eaten. 1 yr. No. 1.

Van Buren (Black) —Best new grape. Very sweet. 1 yr. No. 1.

Price: 40c each; 3 for \$1.00; 10 or more at 30c each; 100 or more, 25c each.

GOOSEBERRY PLANTS—Downing variety—each 60c

CURRANT BUSHES—Red Lake—each 50c

(No mail orders accepted for Currants and Gooseberries.)

STRAWBERRY PLANTS

Strawberries and strawberry plants have been a major crop on the Holdridge farm for more than 25 years. To continue to make a success in this business, we have had to keep up with all the new developments in this crop. We are continually carrying on experiments to find out the better and the more economical ways to raise berries. The result of our work is passed on to our strawberry customers in better plants and in any advice which we may give.

PLANT PROSPECTS FOR 1958

In spite of the extremely dry weather of last summer, our 5 acre bed made wide rows of plants in nearly every variety excepting the everbearing varieties. We expect at this time to be able to fill our normal amount of orders but we still advise that you order early and set your bed very early.

WEEDER GEESE

Again last year we used weeder geese on our strawberry fields. They kept the fields clean of grasses and of many kinds of weeds. We were well pleased with their work and will use them again this year.

COLD STORAGE PLANTS

We have already dug and in our storage about 60,000 plants. We will have plants of all varieties ready as early as you can plant this spring. During the spring we dig daily, trim and put the plants into the the cold storage box within hours.

Our Program for Good Strawberry Plants

1—All planting stock is now rated as essentially "virus free" in all of the varieties in which this stock is available.

2—Absolutely no "red stele" disease has ever been found on this farm.

3—All planting stock was dipped before planting to kill any possible nematodes. In all our digging this past fall, not one nematode was found. We believe that all our stock is free of nematodes.

4—Our whole bed was treated with chlordane before planting to control any and all root eating insects.

5—A heavy fertilization program keeps our plants growing well over a long season.

EVERBEARING STRAWBERRIES

Strawberries of the everbearing varieties may be planted this spring and will start to bear fruit about the middle of July and will bear continually until cold weather arrives.

Everbearing varieties of strawberries do not make very many new plants and we recommend that all runners be kept picked off so that all the strength will go into the fruit. It is also recommended that some type of mulch be placed around each plant so that the berries will be clean.

Everbearing strawberries, planted this way, will not bear the great amounts of berries next June that the regular varieties do so we recommend that not more than one-third of your bed be of everbearing varieties.

BASKETS

We expect to have a car of strawberry baskets and other type baskets on hand this spring. Baskets will be available at the following prices while our supply lasts:

Quart Baskets per 100, \$2.00; per 1000, \$18.00

At farm or by express not prepaid—500 at 1000 rate.

Pint Baskets—both oblong and square..... per 100, \$2.00; per 1000, \$17.00

2-Quart Pansy Tills—packed 250 to a carton. per 100, \$4.00; per 1000, \$40.00

4-Quart Tills—per 100\$5.00

Also 4-quart, 8-quart and 16-quart Peach Baskets. Prices not available as this catalogue goes to press.

STRAWBERRY VARIETY DESCRIPTION

HOWARD NO. 17 (Premier)—This is the old reliable very early variety. It is a dependable, heavy yielder and has pointed, fairly light colored berries.

SPARKLE (Mid-season)—A dark red colored berry, excellent for eating and freezing. Very sweet.

CATSKILL (Mid-season to late) — A very large glossy berry on vigorous plants. Good yielder and fine plant-maker. Our best money maker on our own picking beds.

ROBINSON (Mid-season)—This variety has small plants but will give tremendous yields of large berries under proper conditions. Good commercial berry where plants are kept thinned and ground is very rich and moist.

EMPIRE (Early-Mid-season)—A new variety coming into popularity. It is slightly later than Howard but has very large "plum sized" berries.

VERMILLION—Has very glossy fruit—very attractive berries—good plant-maker.

ARMORE—An extra good late variety—very productive—good freezing berry.

SURECROP (Mid-season)—Produces bright red large berries with a nice green cap.

FAIRFAX—A good home berry. The sweetest of all varieties with real dark berries. Fairly good yields.

RED GLOW (Early Mid-season)—A vivid red glossy berry—reported as an excellent yielder.

STELEMASTER—An early berry with extra large size.

POCAHONTAS—This variety shows great promise. Extra large plants. Berries are large, light, firm and tart.

DIXIELAND—A new variety which shows promise. It is a lighter colored berry than some but yields well and berries stand up well after picking.

PRICE OF STRAWBERRY PLANTS LISTED ABOVE

25 for 75c — 50 for \$1.50 — 100 for \$3.00 — 300 to 700 @ \$2.50 per 100 — 1,000 for \$20.00 — 3,000 or more @ \$18.00 per 1,000.

For Prepaid Orders by Mail—Add 20% for Packing and Postage

SUPERFECTION—Everbearer—This is one of the standard varieties of everbearers and will give you a nice crop of good sized berries.

Price of **SUPERFECTION EVERBEARING PLANTS**—25 for \$1.00; 50 for \$2.00; 100 for \$4.00. For prepaid orders by mail add 20%.

RED RICH—Everbearers

This is probably the best of the everbearing varieties of strawberries. The berries are very large, glossy red and have a very nice flavor. Yields of berries from Red Rich are very good.

We expect to have an ample supply of Red Rich on hand at our nursery this spring both for our cash and carry trade and for mail orders.

RED RICH—Prepaid or at the Nursery: 12 for \$2.95; 25 for \$5.00; 50 for \$8.50; 100 for \$15.00.

WHITE CLOVER—1/2 lb. 65c

LAWN FERTILIZERS

SCOTT'S TURF BUILDER—This is our best selling lawn fertilizer and has given such good lawns that most home owners, after using it once, continue to use it regularly once or twice each year.—1,000 sq. ft. box \$1.50; 5,000 sq. ft. bag \$4.50; 2 bags \$8.85.

CORENCO TURF GREEN—This fertilizer is giving excellent results. It contains 40% Organic Nitrogen which gives it the long feeding period which a good lawn fertilizer will furnish—50 lb. bag \$2.95.

CORENCO TURF GREEN—with **CHLORDANE**—the same fertilizer with chlordane added to give insect control throughout your lawn—50 lb. bag, 2,500 sq. ft. size \$3.95.

FIESTA—A combination fertilizer, soil conditioner, grub killer and contains chemicals to inhibit the germination of crab grass seeds—50 lbs. \$5.95.

SCOTT'S ORGANIC—100% Organic. Will not burn lawns. Will give excellent results over a long period. 50 lbs. \$4.50.

CORENCO ALL ORGANIC—Also 100% Organic. Made from sludge, 50 lbs. \$2.95.

SCOTT'S SOIL IMPROVER—to sweeten soil, add iron, sulphur and other minor elements—2,500 sq. ft. bag \$2.95.

OTHER LAWN NEEDS

Limestone—slow acting—100 lbs. 90c
